FIBRAMETIS -QKZJ Decorative Wire Mesh Fabric

FIBRAMETIS - QKZJ Decorative Wire Mesh Fabric is an elegant woven metal textile that combines fabric-like flexibility with the strength of metal. Ideal for refined interior panels, glass lamination, and drapery, it enhances modern spaces with a sophisticated shimmer and rich texture. Customizable in material, pattern, and finish, it offers designers the freedom to create unique, impactful interiors.

Fibrametis -QKZJ

Decorative Wire Mesh Fabric

FIBRAMETIS – QKZJ Decorative Wire Mesh Fabric is a premium decorative wire textile that merges the elegance of woven fabric with the strength of metal. Crafted from stainless steel, brass, or copper, its flexible mesh structure allows seamless integration into interior applications like wall panels, laminated glass, and designer window treatments. Its shimmering surface adds depth and dimension while enabling light diffusion. With customizable patterns, logos, and finishes, QKTH2 offers a sleek, modern aesthetic for both residential and commercial interiors. Sustainable, durable, and low-maintenance, it's the perfect blend of form and function in architectural design.
