### GLASMETIS -QKGDB Laminated Mesh Glass

**GLASMETIS - QKGDB Laminated Mesh Glass** merges high-quality glass with woven metal mesh to deliver durability, impact resistance, and visual depth—ideal for façades, partitions, and elegant interiors.

# Glasmetis -QKGDB Laminated Mesh Glass

The Glasmetis - QKGDB Laminated Mesh Glass is a high-performance material that blends toughened glass with intricately woven stainless steel, brass, or copper mesh. Designed for both strength and style, it offers excellent impact resistance—holding shattered fragments in place for enhanced safety. Its metal weave adds a rich texture and unique visual depth, creating light-diffusing effects ideal for modern spaces. From commercial partitions to building façades, QKGDB elevates any setting with a refined, industrial elegance. Available in various finishes, patterns, and colors, it offers design flexibility for both exterior and interior applications.
