43 CLARUS -JH0CS Clear Glass Block

CLARUS - JH0CS-Clear Glass Block combines high clarity with functional design. It diffuses natural light while preserving privacy, making it ideal for walls, partitions, and showers. Durable, moisture-resistant, and easy to install, it comes in multiple decorative patterns to brighten interiors with texture and style.

Clarus - JH0CS Clear Glass Block

The Clarus JH0CS Clear Glass Block delivers timeless design with modern performance. Made from high-clarity pressed glass, it transmits up to 85% of natural light while providing varying levels of privacy depending on the pattern selected. This non-load-bearing yet durable glass block is moisture-resistant, fire-safe, and precision-sized for effortless installation. Available in a wide range of textures — from subtle diffusion to bold geometric designs — Clarus JH0CS transforms feature walls, partitions, and showers into luminous architectural elements. Suitable for both residential and commercial applications, it combines structural appeal with enduring quality.

Installation Detail

Clarus JH0CS Clear Glass Block installation offers strength and a modern look. Installation uses trimmed “T” and “L” spacers for edges and corners, with blocks laid on sand paste or mortar. Spacers ensure even joints, accurate alignment, and secure placement. Cross-shaped spacers are cut into “T” and “L” shapes as needed for proper positioning. Glass blocks are installed layer by layer using a sand paste, with spacers placed between each block to maintain alignment and ensure a secure fit.
