45 CLARUS -JH0CM Colored Glass Block

CLARUS - JH0CM-Colored Glass Block combines vivid color with soft translucency, brightening interiors while maintaining privacy. Available in a range of patterns and shades, it adds depth and elegance to walls, partitions, and creative features. Perfect for both residential and commercial design projects.

Clarus - JH0CM

Colored Glass Block

The Clarus JH0CM Colored Glass Block blends vibrant colors with translucent textures to create interiors that are both bright and private. Crafted from premium pressed glass, each block diffuses natural light while reducing glare, adding depth and visual interest to any space. Offered in multiple patterns, shades, and misty finishes, the JH0CM series gives architects and designers flexibility to craft unique walls, partitions, and feature installations. Durable, moisture-resistant, and compatible with standard installation systems, these glass blocks are perfect for residential, commercial, and creative applications.

Installation Detail

Clarus JHOCM Colored Glass Block installation offers strength and a modern look. Installation uses trimmed “T” and “L” spacers for edges and corners, with blocks laid on sand paste or mortar. Spacers ensure even joints, accurate alignment, and secure placement. Cross-shaped spacers are cut into “T” and “L” shapes as needed for proper positioning. Glass blocks are installed layer by layer using a sand paste, with spacers placed between each block to maintain alignment and ensure a secure fit.
