46 CLARUS -JHOSS Special Glass Blocks

CLARUS - JHOSS-Special Glass Blocks combine light, privacy, and durability in a versatile design. With Shoulder, End, and Corner variants, they enable seamless partitions and feature walls for modern interiors. These precision-pressed glass blocks provide high clarity, moisture resistance, and lasting performance.

Clarus - JHOSS Special Glass Blocks

The Clarus JHOSS Special Glass Blocks are designed to merge style, light diffusion, and privacy into a single functional solution. Perfect for residential and commercial interiors, these blocks are available in Shoulder, End, and Corner variants, allowing architects to create seamless walls, decorative partitions, and creative layouts. Made from premium pressed glass, they provide high clarity, excellent durability, and resistance to moisture, ensuring long-lasting performance. With their precise dimensions, JHOSS blocks are easy to install and ideal for feature walls, offices, lobbies, and showrooms where aesthetics and practicality meet.

Installation Detail

Clarus JHOSS Special Glass Blocks installation offers strength and a modern look. Installation uses trimmed “T” and “L” spacers for edges and corners, with blocks laid on sand paste or mortar. Spacers ensure even joints, accurate alignment, and secure placement. Cross-shaped spacers are cut into “T” and “L” shapes as needed for proper positioning. Glass blocks are installed layer by layer using a sand paste, with spacers placed between each block to maintain alignment and ensure a secure fit.
