AQUAFLO VC-EM Water Ripple Sheet

AQUAFLO-VC-EM Water Ripple sheet with a mirror finish that reflects light dynamically. Perfect for ceilings, walls, and decor, it blends durability with luxurious elegance.

Aquaflo VC-EM Water Ripple Sheet

The Aquaflo-VC-EM Water Ripple Sheet is a high-end stainless steel panel designed to mimic the fluid motion of water. Featuring a mirror-like ripple texture, it reflects ambient light, creating a sense of movement and depth in any space. Made from premium stainless steel grades 201, 304, 316, and 430, it offers outstanding durability, corrosion resistance, and design flexibility. Ideal for feature walls, ceilings, elevator interiors, and luxury décor, Aquaflo is available in various thicknesses, colors, and finishes—including gold, rose gold, blue, and more. Custom sizes and precision services like laser cutting and bending are also available, making it a top choice for modern interiors.
