FORMAVOX -52FO Textured Wall Panel

FORMAVOX-52FO Textured Wall Panel adds sculptural depth and modern elegance to any space. Made from ultra-high-performance concrete, it features flowing grooves and comes in matte or metallic finishes. Durable and easy to install, it transforms plain walls into striking architectural highlights.

Formavox-52FO Textured Wall Panel

The Formavox 52FO panel is designed with fluid contours and dimensional grooves that add depth, movement, and sophistication to walls. Its textured surface interacts beautifully with both natural and artificial light, creating dynamic shadows throughout the day. Available in matte or metallic finishes, the panel suits residential, office, and commercial interiors. Easy to install and low maintenance, it offers a high-impact design solution that elevates interiors—whether used for full feature walls or subtle accents. Combining durability with artistic expression, Formavox 52FO is ideal for creating standout architectural statements.
