29 FORMAVOX -56ET Interior Wall Tile

FORMAVOX-56ET Interior Wall Tile blends sculptural geometric design with modern elegance. Made from ultra-high-performance concrete (UHPC), these 3D tiles enhance feature walls and cladding with depth, texture, and dynamic light effects. Available in matte or metallic finishes, they are durable, lightweight, and easy to install.

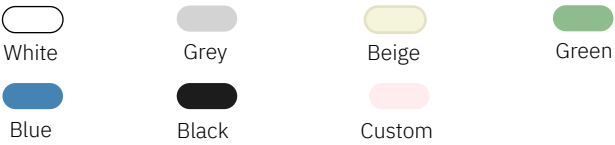

Formavox-56ET

Interior Wall Tiles

The Formavox-56ET - Interior Wall Tile brings architectural flair to interiors with sculptural 3D geometric patterns. Crafted from ultra-high-performance concrete (UHPC), these tiles offer exceptional durability while creating striking light-and-shadow effects. Ideal for feature walls, accent surfaces, or full cladding, their compact size and lightweight build make installation effortless. Available in a range of geometric designs and matte or metallic finishes, Formavox 56ET suits both residential and commercial settings, delivering a perfect balance of artistry, strength, and low-maintenance performance.
