FORMAVOX -66PO

Textured UHPC Wall Tile

FORMAVOX-66PO 3D Textured UHPC Wall Tile transforms plain walls into striking architectural features, adding depth and rhythm to interiors. Its large-scale design suits luxury homes, retail spaces, hospitality settings, and public installations, making a bold statement in both contemporary and classic environments.

Formavox-66PO

Textured UHPC Wall Tile

Formavox-66PO Textured UHPC wall tile is crafted from Ultra-High Performance Concrete (UHPC), ensuring exceptional strength, long-term durability, and crisp surface detailing. Its expansive 1000 × 1000 mm format minimizes visible joints, delivering a seamless, continuous effect across large wall surfaces. The tile’s sculpted textures interact beautifully with light, casting soft shadows and highlights that shift throughout the day, adding movement and dimension. This versatile design adapts effortlessly to a variety of settings—from refined, minimalist concepts to bold, expressive interiors—making it ideal for feature walls, grand entryways, upscale lobbies, and public art installations that demand both performance and visual impact.
