## 40 FORMAVOX -67WW Textured Dimple Tile

**FORMAVOX-67WW Textured Dimple Tile** transforms interiors with a bold, organic wall design defined by smooth, flowing dimples. Its sculptural texture adds depth and movement, making it ideal for luxury homes, hospitality spaces, commercial interiors, and artistic installations seeking modern elegance.

# Formavox-67WW

## Textured Dimple Tile

The Formavox-67WW Textured Dimple tile is crafted from Ultra-High Performance Concrete (UHPC), delivering exceptional durability, refined detail, and a surface that stands the test of time. Its elongated tile format showcases a concave, dimpled pattern that catches light in soft gradients, producing a gentle interplay of highlights and shadows that changes throughout the day. The design introduces a natural sense of fluidity, bringing warmth and elegance to the strength of concrete. Lightweight and modular, it installs with ease, making it suitable for both large-scale projects and intimate feature walls. Whether used in refined minimalist concepts or expressive, artistic spaces, it elevates interiors with texture, depth, and a tactile sense of movement.
