## TEXTURA -MPC Modern Paper Ceiling

**TEXTURA - Modern Paper Ceiling** is a premium, light-weight ceiling material inspired by French textured paper. Designed for modern interiors, it offers elegant aesthetics, eco-friendliness, and easy installation—making it ideal for retail, hotel, office, and exhibition spaces.

# TEXTURA-MPC

## Modern Paper Ceiling

Textura MPC – Modern Paper Ceiling is a premium, lightweight ceiling material designed to enhance modern interiors with refined texture, strength, and flexibility. Inspired by elegant French decorative paper, it blends timeless aesthetics with contemporary performance. Moreover, its nylon-reinforced structure ensures durability, flame resistance, and waterproof protection. Available in MPC-02 French Paper and MPC-03 Fiberglass Fabric variants, it offers versatile options for hotels, offices, retail, and exhibition spaces—delivering both visual elegance and reliable functionality.

### MATERIAL

French Paper  
Fiberglass Fabric

### DIMENSION

Sizes	1.5 × 100 & 3.01 × 100M
Color	White
Thickness	0.18mm ±10%
Net Weight	70g/m <sup>2</sup> ±5%
Water Resistance	Waterproof
Fire Resistance	Not rated

**MPC-03**  
**Fiberglass Fabric**

Width	1.6 , 1.8 , 2.2, 2.6, 2.8, 3.2, 3.3, 3.7, 4.2, 5.0M
Length	50M
Sizes	1.6 × 50 & 3.2 × 50M
Color	White
Thickness	~0.22mm
Net Weight	230g/m <sup>2</sup> ±5%
Water Resistance	Waterproof
Fire Resistance	Fire-resistant certified

# Installation Detail

The TEXTURA – MPC – Modern Paper Ceiling are installed on a lightweight ceiling grid or directly onto the base frame using adhesive or concealed clips. Ensure proper alignment for a seamless finish. The flexible paper panels can be curved or layered to create 3D ceiling effects. Recommended for indoor use in controlled humidity environments.

## Step 1: Prepare the Ceiling Surface

Ensure the ceiling surface is clean, dry, and free of any debris.

## Step 2: Install the Ceiling Gridding

Install the ceiling gridding framework to provide structural support for the paper ceiling panels.

## Step 3: Fix the Support Frame

Attach the support frame to the ceiling gridding, ensuring it is securely fastened. This frame will hold the ceiling panels.

## Step 4: Add Hanging Clips

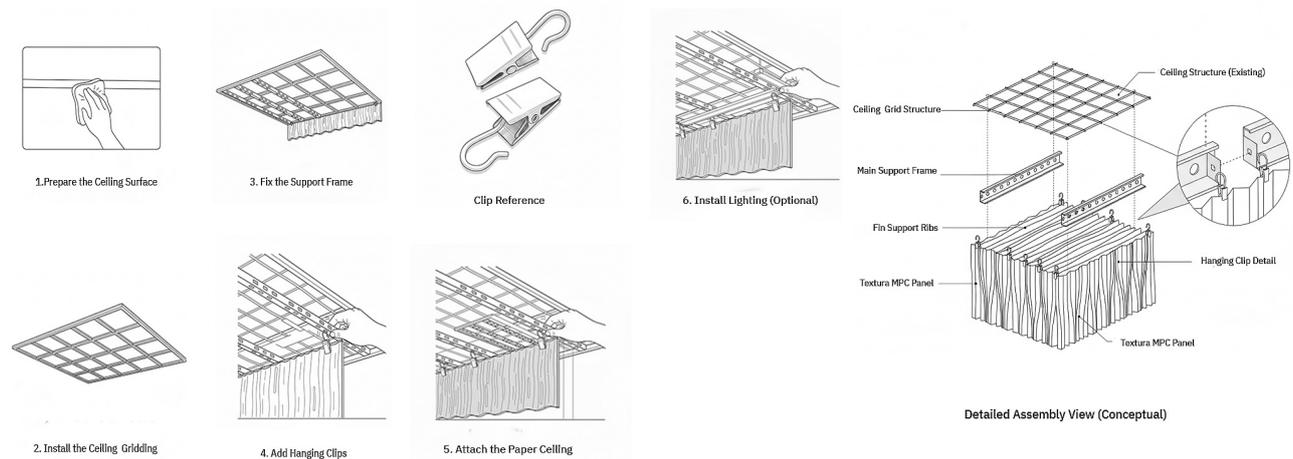

Utilize the provided hanging clips. These clips will attach the paper ceiling to the support frame.

## Step 5: Attach the Paper Ceiling

Carefully attach the Textura MPC paper ceiling panels to the hanging clips and support frame. Ensure even distribution and alignment.

## Step 6: Install Lighting (Optional)

If desired, integrate LED lighting seamlessly into your ceiling design to the support frame.

## Textura MPC Modular Ceiling System: Installation Methods

The TEXTURA – MPC – Modern Paper Ceiling is installed directly onto the ceiling surface using a straightforward 3M tape-fix method. The lightweight base frame is secured with surface-mount tape, ensuring proper alignment before a second layer of double-sided tape is applied. The flexible paper panels are then attached directly to the mounted frame and manually adjusted to create a seamless, undulating 3D effect. Recommended for indoor use in controlled humidity environments.

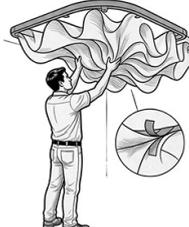

1. Apply 3M Surface-Mount Tape to Frame Tabs

2. Secure Taped Frame to Ceiling and Check Alignment (Stick Fix)

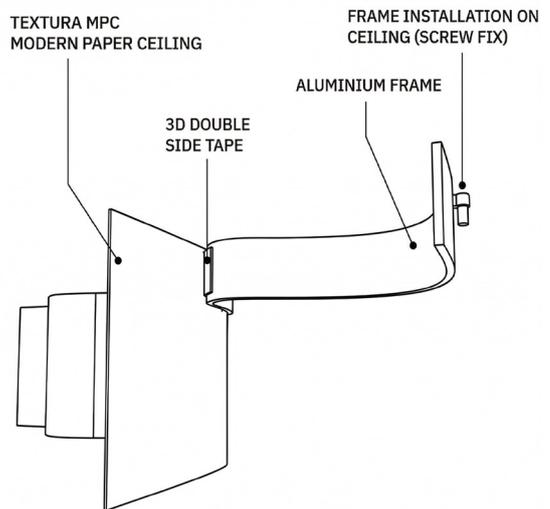

3. Apply 3M Double-Sided Tape for Paper Ceiling

4. Attach Textura MPC
