Ornvitrum - YZ0COTR
Colored Textured Glass Panels

The Ornvitrum YZ0COTR Colored Textured Glass Panels combine artistic texture with modern functionality. Designed for glass interior design, they are perfect for partitions, wall panels, and decorative installations. Each rectangular glass brick features a wavy surface in rich tones—amber, green, gold, clear, and gray-purple. Durable and moisture-resistant, they allow soft light to flow while maintaining privacy. Ideal for offices, hotels, and homes, these panels create luminous partitions, stylish dividers, and feature walls that enhance any space with elegance and contemporary appeal.

Installation
Detail

The ORNVITRUM YZ0COTR colored textured glass panels are are designed for stylish partitions, wall accents, and room dividers. Their wavy surface adds depth, texture, and light diffusion to interiors. Easy to install, they combine beauty and functionality, making them ideal for modern homes, offices, and commercial spaces.
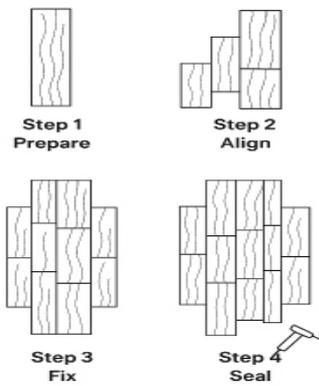

Step1: Prepare
Clean and level the surface or frame to ensure a stable base for installation.

Step 2: Align
Arrange the glass panels according to your layout and maintain even spacing using spacers.

Step 3: Fix
Secure each panel with adhesive or framing clips, ensuring correct alignment and balance.

Step 4: Seal
Apply clear silicone along the joints for stability and moisture resistance, then clean the surface.
