RATTANA -P1SE Square Synthetic Rattan Panel

RATTANA – P1SE Square Synthetic Rattan Panel RATTANA P1SE Square Synthetic Rattan Panel blends handcrafted weaving with durable HDPE for modern interiors and exteriors. UV-resistant, weatherproof, and customizable in size, it offers a warm 3D texture ideal for feature walls, partitions, ceilings, and stylish architectural applications.

Rattana -P1SE

Synthetic Rattan Panel

The RATTANA P1SE Square Synthetic Rattan Panel combines traditional handwoven craftsmanship with advanced HDPE durability for interior and exterior design. Its UV-resistant, weather-proof surface mimics natural rattan while maintaining long-term strength and color stability. The 3D woven texture adds warmth, depth, and modern visual appeal to feature walls, partitions, façades, and ceilings. Lightweight, customizable, and easy to maintain, it suits residential, hospitality, and commercial spaces. With multiple color tones and optional fire-retardant treatment, RATTANA P1SE delivers versatility, sustainability, and elevated design performance.

Finishes

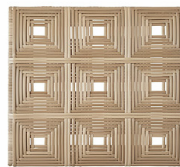

The RATTANA P1SE finishes are crafted to replicate natural rattan tones with UV-stable color technology. Available in brown, yellow, green, red, grey, and dark brown, each shade offers rich texture and visual depth. These weather-resistant finishes ensure long-lasting beauty for interiors, exteriors, partitions, and decorative panels.
