RATTANA -P4RS3DM-Modern 3D Synthetic Rattan Panel

RATTANA – P4RS3DM Modern 3D Synthetic Rattan Panel is for walls, ceilings, doors, and furniture. Its woven structure adds warmth and depth to any space. Durable, weather-safe, and available with fire-retardant options. Custom rattan patterns and colors can be produced upon request.

Rattana -P4RS3DM Corner Weaving Synthetic Rattan Panel

The RATTANA P4RS3DM Corner Weaving Synthetic Rattan Panel blends clean geometry with woven texture, creating a warm yet structured look. It is ideal for walls, ceilings, doors, partitions, and furniture in homes, cafés, and resorts. The synthetic rattan is UV-safe, moisture-resistant, and suitable for indoor and outdoor use. A fire-retardant version is available upon request for projects needing added safety. Custom rattan patterns and color options can also be produced to match specific design themes. Lightweight and easy to install, the panel delivers long-lasting performance with a refined, natural feel.

Installation Detail

Installation of RATTANA P4RS3DM Corner Weaving Synthetic Rattan Panel is simple on wood, metal, or aluminum framing using screws or clamps. Panels can be trimmed to fit doors, ceilings, walls, and furniture. Keep surfaces level for a clean finish. Suitable for indoor and outdoor projects. Fire-retardant panels require the same installation steps and are available on request.
