ORNVITRUM -YZODGLT Decorative Glass Leaf Tiles

ORNVITRUM -YZODGLT- Decorative Glass Leaf Tiles combine glossy texture, multicolored finishes, and a modern leaf design to enhance premium interiors. Their durable Low-E tempered glass offers clarity and strength, making them ideal for feature walls, living rooms, commercial spaces, and artistic décor applications.

Ornvitrum -YZODGLT Decorative Glass Leaf Tiles

The ORNVITRUM YZODGLT Decorative Glass Leaf Tiles bring refined elegance to any setting through their glossy surface, rich colors, and detailed leaf texture. Made from Low-E tempered float glass, they deliver durability, light diffusion, and long-lasting clarity. Because of their artistic design and multiple size options, they work well for living room feature walls, hospitality interiors, and commercial décor elements. These tiles also support both flat and curved layouts, allowing designers to create expressive and modern wall décor panels.

Finishes

The ORNVITRUM YZODGLT Decorative Glass Leaf Tiles series offers a premium glossy surface finish with crisp light reflection and smooth clarity. It is available in clear, ultra-clear, and multicolored options, along with artistic patterns such as Leaf, Lattice, Coral, Jewel, Water Bubble, Diamond, and Ice Flower. Each finish enhances texture, depth, and visual character, making the tiles suitable for modern feature walls and decorative applications.

Installation Detail

The YZODGLT tiles support two installation methods: hanging type and gum adhesive fixing. For the hanging method, start with a clean surface, then fix metal hooks or rails in the required layout. Hang each tile securely and adjust alignment. For gum installation, apply high-strength glass adhesive to the back of the tile and press it onto the prepared wall. Maintain even spacing and use leveling clips if needed. After placement, allow complete curing before cleaning, loading, or adding decorative lighting to ensure a long-lasting and stable finish.

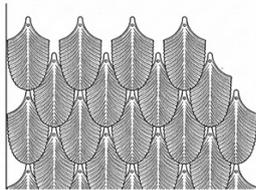

1) Gum Adhesive Fixing

1. Apply Adhesive Gum

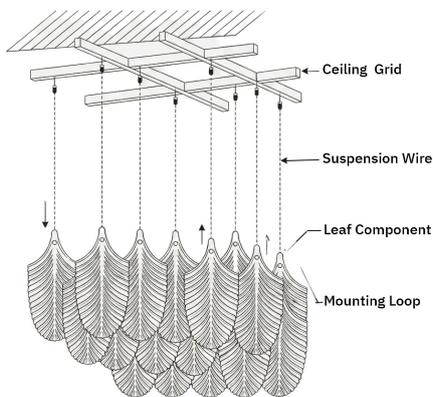

2. Press onto Wall

3. Overlapping Installation

2) Hanging Installation
