ORNVITRUM -YZOCWPT Crystal Wall And Partition Tiles

ORNVITRUM -YZOCWPT- Crystal Wall And Partition Tiles feature 3D crystal leaf elements set in a strong stainless steel frame. Their reflective design adds color, depth, and elegance to luxury homes, hotels, cafés, and offices. Custom sizes and colors allow flexible use for decorative walls and modern partitions.

Ornavitrum -YZ0CWPT Crystal Wall and Partition Tiles

The ORNAVITRUM YZ0CWPT Crystal Wall and Partition Tiles combine bright crystal leaf elements with a durable stainless steel frame to create a modern decorative feature. Their 3D reflective design enhances light, adds depth, and brings a vivid look to any space. Because of their modular structure, they work well in luxury homes, hotels, cafés, and commercial interiors. Custom sizes and colors allow designers to create unique partitions, statement walls, and elegant screen dividers for premium projects.

Finishes

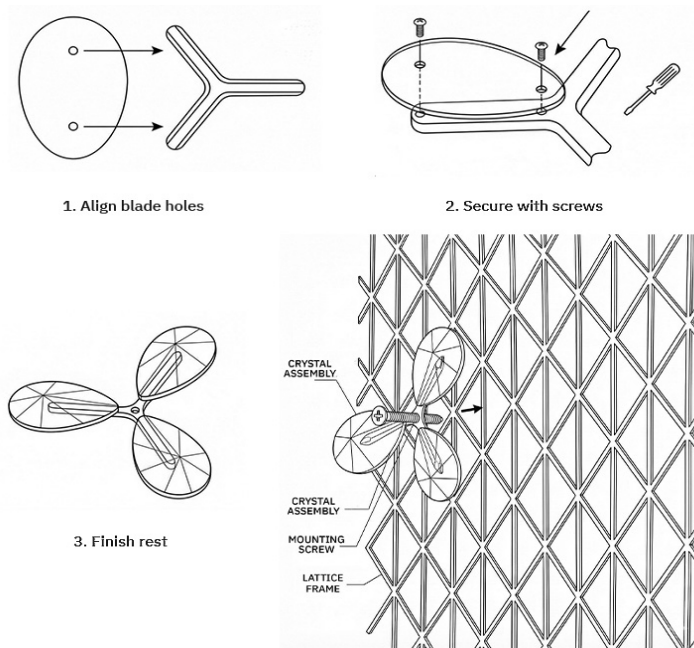

The ORNVITRUM YZOCWPT Crystal Wall and Partition Tiles series offers a premium glossy surface finish with crisp light reflection and smooth clarity. It is available in clear, ultra-clear, and multicolored options, along with artistic patterns such as Leaf, Lattice, Coral, Jewel, Water Bubble, Diamond, and Ice Flower. Each finish enhances texture, depth, and visual character, making the tiles suitable for modern feature walls and decorative applications.

Installation Detail

ORNVITRUM YZOCWPT Crystal Wall and Partition Tiles install easily using the stainless steel lattice frame. Align each crystal leaf assembly with the bracket holes, secure it using the provided screws, and lock the frame onto the wall with anchors or a mounting track. Ensure proper alignment, tighten all fittings, and clean the crystals after installation.
