GLASMETRA -CFMFGP Maxima Fluted Glass Panel

GLASMETRA -CFMFGP - Maxima Fluted Glass Panel is a premium architectural glass with a refined fluted design. Its vertical ribbed texture enhances light flow while improving privacy. Made from laminated or tempered glass, it delivers a contemporary finish for modern interiors and facades.

Glasmetra -CFMFGP

Maxima Fluted Glass Panels

GLASMETRA CFMFGP – Maxima Fluted Glass Panel is designed for modern architectural spaces that require texture, light control, and elegance. The panel features a linear fluted glass design with vertical ribs that create a strong visual rhythm and a subtle privacy effect. Light passes smoothly through the textured surface, highlighting the depth of the pattern. Manufactured using laminated architectural glass or premium tempered glass, it ensures strength, safety, and durability. Ideal for feature walls, partitions, doors, façades, and contemporary interior applications.
