GLASMETRA -CFFFGP Finis Fluted Glass Panel

GLASMETRA -CFFFGP - Finis Fluted Glass Panel

features a refined fluted glass design with vertical ribbed texture. Made from premium tempered and laminated architectural glass, it enhances light flow while providing privacy. Ideal for modern interiors, partitions, doors, feature walls, and façades in residential and commercial spaces.

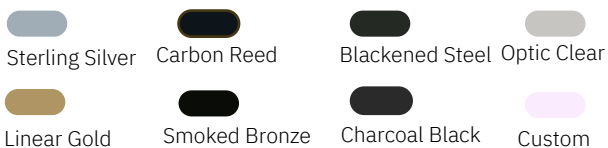

Glasmetra -CFFFGP

Finis Fluted Glass Panels

GLASMETRA CFFFGP – Finis Fluted Glass Panel combines classic reeded glass texture with a modern architectural finish. Each vertical flute is precisely formed to create depth, light diffusion, and visual privacy. Manufactured from premium tempered or laminated architectural glass, the panel offers strength, safety, and durability. The convex front and concave back surfaces create a subtle 3D effect, enhancing interior glass wall panels, dividers, doors, façades, and feature walls. It suits contemporary homes, offices, hotels, and luxury commercial interiors.
