GLASMETRA -CFTFGP - Tenui Fluted Glass Panel

features a refined fluted glass design with a precise reeded glass texture. Its vertical ribbed surface allows light to pass through while enhancing privacy and depth. Ideal for interior glass wall panels, partitions, and feature walls in modern architectural spaces.

Glasmetra - CFTGP

Tenui Fluted Glass Panels

GLASMETRA CFTGP – Tenui Fluted Glass Panel is a premium architectural glass solution designed for modern interiors. Made using premium tempered glass panel or laminated architectural glass options, it features a clean fluted glass design with a reeded glass texture. Each flute is defined by a thin continuous crease, creating a vertical ribbed glass surface with a subtle 3D effect. The textured glass surface diffuses light while improving privacy, making it suitable for interior glass wall panels, doors, partitions, feature walls, and contemporary glass applications.
