Feather 3D Cement  
Brick**

**CAEME -CFF3D - Feather 3D Cement Brick** is a feather-inspired 3D cement brick designed for elegant interior wall decoration. Its sculpted concrete texture adds depth, movement, and artistic character. Made from eco-friendly cement, it is lightweight, durable, and ideal for modern residential and commercial spaces.

## CAEME -CFF3D

### Feather 3D Cement Brick

CAEME CFF3D – Feather 3D Cement Brick blends architectural durability with artistic inspiration drawn from the graceful beauty of feathers. The flowing, sculpted surface creates a refined concrete wall texture for interior spaces, enhancing light and shadow. Manufactured using eco-friendly cement materials, these decorative cement wall panels are lightweight, fire-resistant, and long-lasting. Ideal for feature walls, dining areas, offices, hotels, and retail interiors, they offer a stylish alternative to traditional cement wall cladding and cinder block wall designs.

# Installation Detail

CAEME-CFT3D Feather 3D Cement Brick using high-quality tile glue and structural adhesive. First, mark and measure the installation area carefully to reduce cutting, as the panels are special-shaped. Ensure the wall surface is clean, dry, and level. Apply adhesive evenly and fix panels firmly according to the manufacturer's installation guidelines for best results.

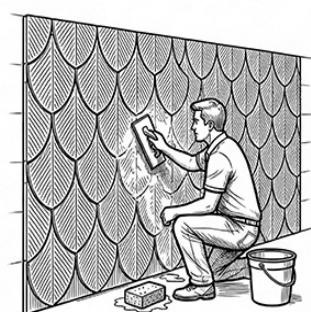

1. Prepare Wall and Apply Adhesive

2. Set First Panel

3. Install & Align Panels

4. Grout & Finish
