ORNVITRUM -YZODHGB Decorative Hanging Glass Block

ORNVITRUM-YZODHGB -Decorative Hanging Glass Block is a glass partition system designed for modern interiors. Featuring textured translucent glass panels mounted on a precision stainless-steel rail system, it enhances natural light flow while offering privacy, durability, and contemporary architectural elegance.

ORNVITRUM -YZODHGB

Decorative Hanging Glass Partition

ORNVITRUM YZODHGB Decorative system is an architectural partition solution crafted for premium commercial and residential environments. Each textured glass block panel is engineered for light diffusion, visual privacy, and refined aesthetics. The system is supported by a corrosion-resistant stainless-steel suspension rail that ensures structural stability and long-term durability. Its modular configuration allows flexible spacing, linear alignment, and customized layouts to suit showrooms, offices, hotels, malls, and luxury residences. Combining transparency with texture, YZODHGB delivers modern sophistication, functional zoning, and seamless integration into contemporary design concepts.

Installation Detail

ORNVITRUM YZ0CTGP Custom Textured Glass Partition secure the main metal frame firmly to the floor and ceiling using appropriate anchors, ensuring it is level and properly aligned. Install the first vertical rod with spacers positioned accurately within the frame. Slide each glass block panel carefully into place between the rods, maintaining uniform spacing. Continue installing remaining rods and panels sequentially. Tighten all connectors and fasteners securely to complete the final assembly and ensure structural stability.

1. Secure Main Metal Frame to Floor and Ceiling

2. Install First Vertical Rod with Spacers

3. Slide Small Glass Panels in Place & Install Next Row

4. Tighten all Connections for Final Assembly
