RATTANA  
-P12VOW-Vertical  
Open Weaving  
Synthetic  
Rattan Panel

**RATTANA–P12VOW–Vertical Open Weaving Synthetic Rattan Panel** features a refined vertical woven texture designed for modern architectural interiors. Made from durable HDPE synthetic rattan, the panel combines the natural appearance of woven rattan with long-lasting performance. It is ideal for feature walls, partitions, ceilings, and decorative interior cladding.

# Rattana -P12VOW

## Vertical Open Weaving Synthetic Rattan Panel

RATTANA – P12VOW Vertical Open Weaving Synthetic Rattan Panel blends modern design with the natural look of woven rattan. Its vertical open weave creates a light and breathable surface that enhances shadows and depth. Made from HDPE synthetic rattan, it offers high durability, flexibility, and resistance to moisture and UV exposure. This panel is ideal for feature walls, partitions, and ceilings in luxury homes, hotels, and commercial spaces. It delivers the look of natural rattan with long-lasting performance and low maintenance.

**P12VOW-02**

# Installation Detail

RATTANA – P12VOW Vertical Open Weaving Synthetic Rattan Panel can be installed on plywood, MDF, gypsum board, or metal framing substrates. Ensure the surface is clean, dry, and level before installation. Panels may be fixed using screws with finishing caps or construction adhesive, depending on project requirements. For large installations, use proper alignment and spacing to maintain the woven pattern continuity. Professional installation is recommended for best results.
