Geometric Decora- tive Laminated Glass Panel GLASMETRA -CFGMDLGP

Geometric Decorative Laminated Glass Panel-GLAS-METRA- CFGMDLGP is a premium geometric decorative laminated glass panel made with 5mm Crystal Glass + 5mm Crystal Glass. It features elegant metallic patterns that add texture, safety, and style to interior walls, partitions, and feature spaces. Ideal for luxury commercial and residential projects.

Geometric Decorative Laminated Glass Panel Glasmetra-CFGMDLGP

Geometric Decorative Laminated Glass Panel-GLASMETRA-CFG-MDLGP is a decorative laminated glass panel designed to enhance modern interiors with striking geometric patterns and premium metallic finishes. Constructed using 5mm Crystal Glass + 5mm Crystal Glass, it offers excellent durability, safety, and long-lasting performance. The laminated construction protects the decorative layer while allowing soft natural light to pass through. Suitable for feature walls, partitions, doors, and decorative cladding, it is an excellent choice for hotels, offices, restaurants, retail stores, airports, libraries, and luxury residential interiors seeking elegant architectural glass solutions.
