Wayang Synthetic Rattan Panel RATTANA -P15W

Wayang Synthetic Rattan Panel -RATTANA-P15W is a premium HDPE decorative panel featuring a stylish geometric woven pattern. Ideal for feature walls, partitions, and wall cladding, it combines the natural look of rattan with excellent durability, low maintenance, and fully customizable sizes for residential and commercial interiors.

Wayang Synthetic Rattan Panel Rattana -P15W

Wayang Synthetic Rattan Panel – RATTANA-P15W is crafted from premium High-Density Polyethylene (HDPE) to replicate the time-less beauty of woven rattan while offering superior durability and minimal maintenance. Its geometric woven design adds warmth and texture to feature walls, partitions, and decorative interiors. Suitable for hotels, restaurants, retail spaces, offices, and luxury homes, the panel is available in custom sizes, shapes, and patterns. Moisture-resistant, lightweight, and easy to maintain, it provides a long-lasting decorative solution for modern architectural and interior design projects.

Installation Detail

Installation methods vary depending on the project design and site conditions. Generally, the Wayang Synthetic Rattan Panel is installed using a supporting framework similar to a suspended ceiling or wall cladding system. Panels are securely fixed to the framework to ensure stability and a clean finish. Professional installation is recommended to achieve accurate alignment, proper support, and the best visual result.
