GLASMETRA -CFCFGP Crassa Fluted Glass Panel

GLASMETRA -CFCFGP - Crassa Fluted Glass Panel

is a premium architectural glass featuring precise vertical flutes that enhance privacy while allowing light transmission. Designed for partitions, feature walls, doors, and façades, it delivers a refined balance of texture, depth, and durability for residential and commercial interiors.

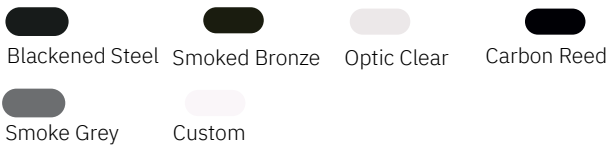

Glasmetra -CFCFGP

Crassa Fluted Glass Panels

GLASMETRA CFCFGP – Crassa Fluted Glass Panel is a high-quality architectural fluted glass solution inspired by classic reeded designs. The panel features 1-inch wide vertical flutes with a convex front surface and concaved back, creating a subtle three-dimensional effect and enhanced privacy. Light passes through the textured glass, highlighting its linear pattern and elegant finish. Available in multiple glass types, thicknesses, and safety options, Crassa is ideal for interior partitions, feature walls, cladding, doors, and modern façades in both residential and commercial spaces.
