Hypnotic Diamond
Synthetic
Rattan Panel
**RATTANA
-P46HD**

Hypnotic Diamond Synthetic Rattan Panel -RATTANA-P46LP features an elegant geometric diamond weave for stylish wall cladding, partitions, and decorative interiors. Made from durable HDPE synthetic rattan, it offers customizable sizes, low maintenance, and a natural woven appearance for residential and commercial spaces.

Hypnotic Diamond Synthetic Rattan Panel

Rattana -P46HD

Hypnotic Diamond Synthetic Rattan Panel-RATTANA-P46HD is a premium synthetic rattan panel featuring a distinctive hypnotic diamond weave pattern that adds texture, depth, and visual interest to architectural interiors. Manufactured from high-density polyethylene (HDPE), it combines the aesthetic appeal of woven rattan with durability and easy maintenance. The panel is available in custom shapes and sizes, making it suitable for feature walls, partitions, hospitality interiors, retail spaces, offices, resorts, villas, and other commercial applications. Its 2–3 mm thickness provides flexibility for creative installations, while fire-retardant options are available upon request.

Installation Detail

Hypnotic Diamond Synthetic Rattan Panel-RATTANA P46HD can be cut and fitted to suit customized wall, partition, furniture, and decorative applications. Install the panel over a clean, dry, and stable substrate using suitable mechanical fasteners, adhesives, or a compatible framing system according to the project requirements. Ensure accurate alignment of the diamond pattern between adjoining panels. For large installations, allow suitable expansion and provide adequate support
