ORNVITRUM -CFLY205 Murano Decorative Glass Panel

ORNVITRUM -CFLY205 - Murano Decorative Glass Panel is a handcrafted, mouth-blown glass panel featuring ribbed, flower-inspired forms with circular and elliptical openings. Its sculptural design filters light beautifully, making it ideal for partitions, screens and feature walls in premium interiors.

ORNVITRUM-CFLY205

Murano Decorative Glass Panel

ORNVITRUM-CFLY205 combines traditional Murano glass craftsmanship with a contemporary sculptural design. Each mouth-blown panel features a ribbed, flower-inspired form with large and small circular cutouts and elliptical openings that allow light to pass through in distinctive patterns. Made from 30 mm thick single-layer Murano glass, the panels can be assembled into modular screens or feature walls. Suitable for luxury hotels, restaurants, retail spaces, offices and high-end residences, the panel adds artisanal character, visual depth and light-filtering elegance to architectural interiors.

Installation Detail

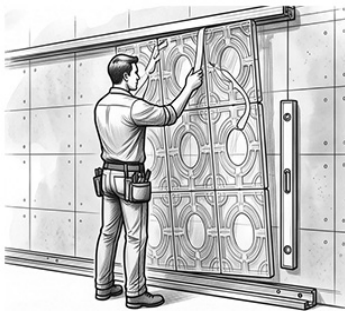

ORNVITRUM-CFLYC205 Murano Decorative Glass Panel install the panels as individual elements or combine them into a 2×2 assembly measuring approximately 410×410 mm. Use a suitable structural frame, channel or concealed support system designed for the panel weight and application. Ensure the supporting surface is level, secure and properly aligned before fixing. Handle the glass carefully during installation and provide adequate support to prevent impact or excessive loading.

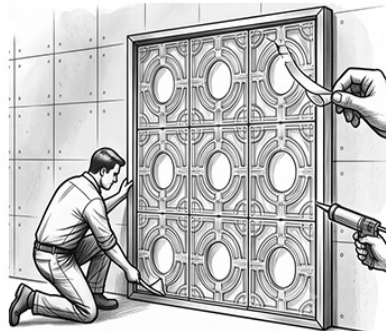

1. Lay and Interlock Glass Pieces on a Flat Protective Surface

2. Apply Glue to joints and Secure with Tape for Curing

3. Stand Cured Assembly Upright and Insert into Perimeter Frame

4. Secure the Perimeter Support and Peel off Securing Tape
